

Help Lead Callilou to Her Angel

Callilou is one of the sweetest, happiest dogs any of us have ever met. As you can see from her pictures, she's always happy. Her beautiful spirit shows through her eyes and precious smile. She's destined to be someone's perfect companion.

She was found as a stray and ended up at Chicago's Animal Care and Control. There, volunteer after volunteer fell in love with her. Her sweet disposition and gentle soul landed her a place on the adoption floor too...where she sat waiting to meet her forever family. Unfortunately, the older dogs are often overlooked for a younger dog, so Callilou was passed over time and time again. We heard about her story and were honored to bring her into our K9 4 KEEPS family to help her find her forever home.

Don't let her age fool you. She says "You CAN teach an old dog new tricks... and I'll be happy to learn a few, but only for treats!" (...it's true, she does have a sassy side too). She's a Lab/Dobe mix, around 9 years old & 45-pounds...the PERFECT size to cuddle up next to you for a nap!
